

SANGEETA ARJUNSINGH DHAMI

BCA (Honours with research) | Batch 2023–27 | **CHRIST (Deemed to be University), Bengaluru**
sangeeta.arijunsingh@bcah.christuniversity.in • +91 9620671023 • [linkedin.com/in/sangeeta-dhami-554ab932b/](https://www.linkedin.com/in/sangeeta-dhami-554ab932b/) • Bengaluru, Karnataka

PROFESSIONAL SUMMARY

Bachelor of Computer Applications (BCA) student at CHRIST University with experience in web development, backend application development, AI/ML, and IoT-based solutions. Skilled in Python, Flask, JavaScript, SQL, React, and machine learning, with hands-on experience building database-driven web applications, mobile applications, and assistive technology solutions. Seeking Software Development, Backend Development, AI/ML, or Full Stack Development opportunities to deliver scalable and user-focused technology solutions.

WORK EXPERIENCE & INTERNSHIPS

CHRIST University, Bengaluru

Dec 2025 – Present

Research Intern | Dec 2025 – Present

- Assisting faculty-led research involving data analysis, machine learning, and natural language processing techniques.
- Conducting literature reviews, data preprocessing, feature extraction, and experimental evaluation.
- Supporting the development and testing of computational models for research objectives.

Azure Skynet | Remote

Oct 2024 – Nov 2024

Python Development Intern

- Developed a Pandemic Simulator using Python, NumPy, and Matplotlib to model infection spread and population impact scenarios.
- Implemented Caesar Cipher encryption and decryption modules to demonstrate secure communication techniques.
- Applied object-oriented programming and data visualization concepts to create interactive simulation outputs.

PROJECTS

Foundation Websites Development (SHE CAN Foundation & Inamigos Foundation) | HTML, CSS, JavaScript

June 2026

- Designed and developed two responsive organizational websites for non-profit foundations.
- Built multi-page interfaces featuring organization information, initiatives, contact forms, and program showcases.
- Implemented responsive design principles to ensure compatibility across devices and screen sizes.
- Improved digital visibility and accessibility through structured content presentation and modern web design practices.

BreakLoop – Mental Health Mobile Application | Kotlin, Android Studio

July 2025 – Sep 2025

- Developed an Android application promoting mindful screen usage through journaling and reminder features.
- Designed user-friendly interfaces and integrated activity tracking functionality.
- Implemented local data storage and notification systems for personalized user experiences.

Library Management System | Flask, Python, MySQL

Jan 2025 – Mar 2025

- Developed a web-based library management platform for managing books, users, and issue/return records.
- Implemented CRUD operations and backend business logic using Flask.
- Integrated MySQL database for secure storage and retrieval of records.
- Designed responsive frontend interfaces connected to backend services.

DeClutter – Waste Management Web Application | MERN Stack

Aug 2024 – Nov 2024

- Built a waste management platform supporting waste tracking, collection scheduling, and reporting.
- Developed backend APIs and managed data flow between frontend and database systems.
- Created user dashboards to improve accessibility and monitoring of waste management activities.
- Implemented scalable architecture using MongoDB, Express.js, React, and Node.js.

Envision Smart Specs – Assistive IoT Solution | Arduino, ESP32, Ultrasonic Sensors

Feb 2024

- Designed smart eyewear for visually impaired individuals to assist with navigation and obstacle detection.
- Integrated ultrasonic sensors, ESP32 camera module, and Arduino-based processing.
- Enabled real-time environmental sensing and feedback mechanisms for improved mobility.

SKILLS

Programming Languages: Python, JavaScript, SQL, Kotlin

Web & Backend Development: HTML, CSS, React, Flask, REST APIs, MERN Stack

Databases: MySQL, MongoDB

Machine Learning & AI: Regression, Classification, Clustering, NLP, Supervised Learning

IoT & Embedded Systems: Arduino, ESP32, Ultrasonic Sensors

Cloud & Platforms: AWS (S3, RDS), Google Cloud Platform

Tools: GitHub, Git, VS Code, Jupyter Notebook, Google Colab

Data & Visualization: Pandas, NumPy, Power BI, Tableau, Microsoft Excel

Soft Skills: Leadership, Problem Solving, Teamwork, Communication, Project Management

Languages: English — Proficient (C1) | Hindi — Fluent | Kannada — Conversational

CERTIFICATIONS & TRAINING

- Big Data 101** — Infosys Springboard
- Supervised Machine Learning with Python** — Infosys Springboard
- Hands-On Machine Learning with Python** — Infosys Springboard
- Android App Development with Kotlin** — Infosys Springboard
- Artificial Intelligence** - Elewayte

CO-CURRICULAR & LEADERSHIP

National Cadet Corps (NCC), 2/9 Coy, Christ University, Bangalore

Aug 2023 – Mar 2026

Sergeant

- Successfully completed three years of NCC training.
- Earned 'A' Grade in NCC C Certificate Examination.
- Participated in leadership, discipline, and adventure training programs.

Kabaddi Player, University Team, Christ University, Bangalore

Aug 2023-Present

Captain

- Represented CHRIST University in inter-university and inter-collegiate Kabaddi competitions.
- Contributed to multiple championship-winning performances across collegiate tournaments.
- Developed teamwork, leadership, resilience, and strategic decision-making skills through competitive sports.

ACHIEVEMENTS & AWARDS

- Karnataka Chief Minister's Commendation for selection to a National Level Post-Monsoon Mountaineering Expedition through NCC. — CHRIST University
- Vice Chancellor's Appreciation Award – CHRIST University for contributions through NCC. — CHRIST University
- 1st Place – Kabaddi Tournament, Presidency University. — CHRIST University
- 1st Place – Kabaddi Tournament, Alliance University. — CHRIST University
- **1st Place – Kabaddi Tournament** — Jyoti Nivas College. Feb 2025

EDUCATION

CHRIST (Deemed to be University), Bengaluru

Jul 2023 – May 2027 (Expected)

BCA(HONOURS with RESEARCH) | CGPA: 9.25 / 10.0(after 6 sem)

KLE's Raja Lakhamagouda Science Institute | State Board

Apr 2022

Class XII (PCMC)-89.8%

Devendra Jinagouda English Medium High School | State Board

June 2020

Class X — 98.8%
